VOLUME II, NUMBER 43 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER SEPTEMBER 10, 1928

BUILDING, LOAN ASSOCIATION IS OPENING TODAY

Today the new Nevada County Building and Loan Association opens its doors in Nevada City in the former Citizens Bank building with a great deal of interest being manifested in its future bearing on the life of this community. A strong directorate of local people is being arranged and will be later announced.

The building and loan idea applied to the financing of new homes for the people of moderate means who are unable to handle such cost in a lump sum has made easy the problem of the erection of suitable homes and at not excessive cost for the long term financing. With the present housing shortage coming on in Nevada City should make the new institution a popular one. There is already a demand in Grass Valley for funds for the erection of a number of new homes, the demand being greater already than the Association is prepared to handle at the outset. This is a healthy sign that such an institution has been needed here and its functions in this community should rapidly expand as time goes on. Its investment department with six per ent paid on savings deposits is bound to prove popular with thrifty people. Accounts may be opened on the payment of from one dollar up and a large number of accounts were opened last week in advance of the formal opening.

Mrs. H. W. Robinson of Pinecrest Ranch south of Grass Valley has the distinction of possessing account No. 1. The Robinsons, who have shown great faith in the future of this county by their large investment in a magnificent country place on the Auburn Highway are of the type of citizens that are welcome in any community and they are assisting in sponsoring the new institution.

Unless a person studies carefully into it, the effect of systematic savings at six per cent is difficult to comprehend in its immensity. One dollar a month deposited amounts to $12.39 in one year, $25.54 in two years, $54.29 in four years, $86.64 in six years, $123.06 in eight years, $164.04 in 10 years and $210.17 in 12 years. Depositing $100 monthly brings a total in 12 years of $21,017.36. Interest and compounding interest mount up into large totals.

Under the present plan of financing new home construction, advances are made during course of construction to assist the prospective builder The repayments of loans are extended over a 10 year period making it quite as easy as paying rent. Thus owning your own home is a financing problem quite easy and simple and not expensive. The association officers will be more than pleased to explain the details of home financing to any interested persons on request.

Mr. W. A. Doctor, who will be in active charge of the association operations in the Nevada City office is appointed by the state to the position, the state building and loan department exercising as careful supervision over these associations as is done in the banking system, f not more so, and the fact that no building and loan organization has defaulted in any of its obligations for over 21 years is the best evidence of the stability of such institutions.

Manager W. V. Tamblyn of the Nevada Theater is now running Tuesday and Wednesday as family nights, father and mother being permitted to bring the entire family for 50 cents.

Mrs. J. E. Huy has returned from a summer vacation spent in the bay cities, with her son and daughter in Berkeley, and in Los Angeles where she visited her sister, Mrs. Dorothy Taysum. Her father, Charles A. Wild of San Bernadino is a former resident of Nevada City.

General Manager O. E. Schiffner of the Rescue Eula Company opening up the Gaston Ridge properties was able to be on the street Saturday for a short time following his recent operation.

MINING LOCATIONS ARE PLACED COUNTY RECORD

The following mining locations have been field with County Recorder Sam J. Clark the past week:

Slippery Bank placer in Canada Hill Mining District, in Sec. 17, T16 N, R9E. by L. L. McKenney.

Pine Cone placer in You Bet Mining District, Lot 12, Sec. 6, T15N, R10E.

Charles J. Lyser has located the Quartz Ledge placer in Sec. 31, T18 N, R11E, in the Washington Mining District.

PRELIMINARIES NEARLY COMPLETED SAYS HOGE TO START OPERATIONS

Arthur W. Hoge, the President of the Hoge Development Company, reports that he has at last, got about all of the preliminary details worked out, whereby he will be in a position to start an active campaign of development in the next few weeks.

The matter of acquiring all of the properties of the Penn-California Mining Company, for stock in the Hoge Development Company, has been one that meant a lot of detail work, and the causes of a lot of delay in getting into action.

It is a well known fact however, that the opportunities for profits are far greater, in the Hoge Development Co., than they ever were in the Penn-California Company. Because Hoge who has been able to prove up good values upon the properties of the Hoge Development Company, and he was never able to do so upon the properties of the Penn-California Mining Company on account of not being able to locate the trough of the main channel or to locate the supposed main ore bodies on account of an unknown fault in the middle of the mountain, which was a puzzler for all of the mining engineers who advised with Hoge in reference to the same.

What the future will bring forth, so far as the Penn-California properties are concerned is still an unsolved problem. Hoge says that in spite of all the grief that he went through in trying to locate the channel, and an ore body beyond the faulted zones, that he is not yet satisfied. And that some day, when the Hoge Development Company has got a surplus fund from their main operation, where they have got good values, that he is going to open up the Penn-California workings and give it another shot in the neck. He has just finished making repairs in the main tunnel at his own personal expense, in order to protect the company's property, and also to be in a position to do future work whenever the Hoge Development Company are in a position to do so.

Any man who has got the perserverance and sticktuitiveness that Hoge has, is bound to succeed in the end. He states that over 80 per cent of all of the money invested in Penn-California, have agreed to his plans of consolidation of the Penn-California interest with those of the Hoge Development Company, and as this is more than sufficient to make the plans effective, he shall soon be able to start active development upon a comprehensive scale and where the values have already been proven to exist in good paying quantities.

The editor of this paper fully believes that the Hoge Development Company will develop one of the biggest and best mines in this camp. Because Hoge has got the reputation of getting value recieved for every dollar invested. And inaddition to all that he will have in excess of 1,000 acres in a virgin mineral zones, that has all the ear marks of making a real mine.

W. V. Wilson of Knoxville representing the owners of hte Oriental mine at Alleghany was in town Saturday on his way to Alleghany to inspect the property which has been making a good showing lately in the development work being done.

W. M. Holmes, mining man of San Francisco, arrived in Nevada City Saturday. He was on his way to North San Juan to look over mining interests there. He lived in our city and North San Juan for twenty years

Congressman Harry L. Englebright is attending to business affairs in San Francisco.

ALPHA STORE IS TO REBUILD AT ONCE, CASSIDY

The Nugget is happy to be privileged to announce through its news columns of this issue that the plans for the rebuilding of the Alpha Hardware and Supply Company store which was destroyed by fire on July 21st have been completed and will be pushed to early completion with the arrival of the structural steel the next few days. E. T. Leiter of Oakland has the contract for rebuilding and Robert Steger will supervise the work.

Steel will be used wherever possible in place of wood to reduce every fire risk. The roof will be supported by steel trusses and steel sash wil lbe used in all windows.

The Alpha Company has played an important part in the business life of Nevada City in past years and its determination rebuild its handsome store anew, will have the hearty commendation of the community.

Manager Fred Cassidy states that the grocery stock is being fast reduced. The company this week is making a special price on Mason fruit jars, giving 10 pounds of granulated sugar with each dozen jars. Particulars may be had from the advertisement on page four of this issue.

ANDY FITZ PROPERTY IS EXAMINED BY BARKDULL

The mining properties of the Andy Fitz Company on the Middle Yuba below Moores Flat are being given a thorough examination at the present time by C. H. Barkdull, mining engineer of Oakland, for capitalists of the bay region, who propose taking the mines over if the examination shows sufficient values to warrant an elaborate development program.

Mr. Barkdull is sold on the mineral values in this gold belt and his opinions carry weight as he has had considerable experience in various mining fields. He looks for a great revival in gold mining in this section of the state in the next few years, due to the large area of proven territory from which millions have already been taken from shallow depths.

CAPT. NIHELL APPOINTED IN CHARGE OF MURCHIE

Work of drifting on the 1150 level continues regularly and the ore is coming out in promising quantity and values to warrant the belief that operations at this famous old producer will continue to increase as new ore ground is opened up. Capt. George E. Nihell, who was connected with the property under its former operations, has been appointed assistant to President V. M. Price of the American Foundation Company, purchasers of the property with the title of assistant superintendent and took charge of operations Wednesday.

Captain Nihell's familiarity with the property will make his services doubly valuable and he will push development work on the various levels being opened up.

WASHINGTON BRIDGE IS BEING CONSTRUCTED

Work is proceeding on the new bridge across the South Yuba above Washington on which the Miner's Foundry has the contract to furnish the steel and Burton & Reed of Grass Valley the work erection.

A new center concrete pier is being erected and the former concrete piers at each side of the stream will carry the structure. Several weeks is expected to complete the job. The lumber from the old bridge is to be used to rebuild the bridge further upstream to the Eagle Bird mine which went out during the high water last spring.

A temporary bridge has been handling the travel across the river during fabrication of the new structure

BLANTON BONDS BIGELOW MINE AT SIERRA CITY

One of the largest mining transactions of the past few weeks has been the bonding and leasing of the famous Bigelow property at Sierra City by E. L. Blanton and associates of Long Beach and Colorado, who are reported considering large time operations in the very near future and which presages a great revival of mining interest in the Sierra City district. The papers have been signed by Mrs. W. H. Martin of Nevada City owner of the property.

The new purchasers are assembling materials and equipment and propose to conduct a large development program. Mr. Blanton, who has had considerable experience in the mining game, has of late been operating in the Long Beach oil fields but has gone to gold mining. The interests affiliated with him have ample financial backing to put the property on large time operations.

The Bigelow is equipped with a ten stamp mill, compressor and surface works. The property which is just above the town is operated through a long tunnel and contains extensive ore bodies of proven value.

COUNTY TAX RATE HAS BEEN HOISTED 18 CENTS BY THE SUPERVISORS

County taxes will be 18 cents a hundred higher the coming year over the previous year and the happy mortals are those with only personal property to be assessed and who paid on the old rate. The supervisors arrived at the rate Tuesday at the formal meeting of the board.

One of the main items entering into the raise was the fact that over $100,000 of assessable property went off the rolls last year through sale to the irrigation district of properties. Another is the building of two bridges, one at Washington and the other at Boca. The high school fund was given a three cent hoist due to legal requirements. The several elections to be held this year also will cost considerable.

The rate inside municipalities will be $2.78 and outside $3.28. The varnous items making up the total are: general fund 80 c., school fund 75 c., salary fund 60 c., county high school 50 c., Sacramento junior college 3 c., veterans building fund 10 c., outside road fund 40 c., special road fund 10 c.

The special levies are: Nevada City high school interest and sinking fund 20 c., N. C. H. S. District 70 c. (raise of 10 c), Nevada School District 45 c., (raise of 5 c), Grass Valley high school interest and sinking fund 30 c (drop of 10 c), G. V. H. S. District 60 c. (increase of 5 c), G. V. School District 45 c., (increase of 10 c)), Meadow Lake high school district 30 c (drop of 20 c), Truckee school district 45 c (increase of 5 c), Oakland School District 40 c.

A 75 c tax for the Truckee Fire District and 70 c for the Truckee Sanitary District have been eliminated this year.

SCADDEN IS APPOINTED DISTRICT DEPUTY ELKS

Philip G. Scadden, a charter member of Nevada City Elks Lodge and a Past Exalted Ruler of that organization, was the past week appointed by Grand Exalted Ruler Murray Hulbert, to be District Deputy Exalted Ruler for this dirstrict which appointment is bringing this popular citizen many compliments for the recognition shown his work for Elkdom. Mr. Scadden will leave in about a week for Chicago to attend a conference of the deputies, requested by Mr. Hulbert.

SIERRA CITY ON QUI VIVE OVER DEVELOPMENTS

Sierra City, Sept. 8, (Special to The Nugget)—This community is on the qui vive over prospective mining developments in this section which will put this section on the mining map of California once more as a great storehouse of golden treasure.

LEACH CONFIRMS PROMISES MADE PACIFIC GAS TO PAY FOR N.I.D. WATER

The following letter written by Vice President and General Manager Frank A. Leach of the Pacific Gas and Electric Company under date of September 6, 1928, to the Nevada Irrigation District, is of such importance to our readers that it is reprinted in full:

Nevada Irrigation District.
Grass Valley, California.
Gentlemen:

We take this occasion, at your request and at the request of the bankers interested in your District, to set at rest the unfortunate controversies which have heretofore arisen and which are more particularly referred to in my letters of June 1, 1928, July 27, 1928, and August 9, 1928.

We confirm the statements heretofore made to you that the contract between Nevada Irrigaton District and Pacific Gas and Electric Company dated April 29, 1924, is now in full force and effect, that the Pacific Gas and Electric Company is utilizing the waters of the District in accordance with the terms of the said contract and that said Company will on December 15th next pay for all water furnished under said Contract from the 20th day of June, 1928. We have agreed to accept delivery of such water from June 20, 1928, instead of July 1, 1928, subject to all of the terms of our letter of June 19, 1928, addressed to your Chief Engineer. We will be prepared to pay for all water actually delivered by you to us under the terms of said contract since June 20, 1928, irrespective of whether the seasonal precipitation is sufficient to enable you to deliver the full 108,000 acre feet, or not.

We further confirm our willingness to negotiate with you for the purchase of additional water to the end that you may receive additional revenues from the waters now developed through your Mountain Division Works. Such negotiation will, of course, involve a determination of the quantity of water available, the period of years over which we would be guaranteed the supply thereof and the price to be paid for the same. Our Engineering Department is giving this matter its earnest attention and we understand that your Engineering Department is doing likewise. As soon as we receive a report from both of said Engineering Departments we will be pleased to go into conference with you for the purpose of working out a feasible arrangement for the purchase of such additional water."

$300,000 APPROPRIATED TAHOE UKIAH HIGHWAY EAST OF NEVADA CITY

Word that the state highway commission has collected $3000,000 to be expended on the Tahoe Ukiah state highway east from Nevada City will cause great rejoicing at the culmination of the efforts to complete this great cross state route which will bring untold travel through the county. Survey crews have just finished their work into Nevada City the past week and important work is expected shortly to commence.

This route which leaves the Redwood Highway at a point three miles north of Ukiah crosses Mendocino county into Lake county at the upper end of Clear Lake and follows down the east shore of that lake and thence down Cache creek to Wilbur Springs and into Williams, Colusa, Yuba City, Marysville and on to Grass Valley and Nevada City. Its eastern terminus will be the Victory and Lincoln Highways at a point near Crystal Springs. With the wonderful improvement being made between Cisco and Soda Springs at the present time, Nevada City will in the not distant future be linked with a fine highway to the eastern part of the county.

Matters of route and rights of way have held up the improvement in Lake county in the past as they did in this county. Things look to continue toward an early completion of the route for its entire length. One considerable matter of interest is that the highway distance between Nevada City and Ukiah will be shortened some 125 miles over the present devious route.

Surveying Crew Chief Irish stated last week that an alternate route up Deer to Junction House had been suggested by some and that while it would provide a water grade yet the present route up Harmony Ridge offered such scenic possibilities and being built to state highway standards would give a high gear road that would prove extremely popular with the motoring public.

MRS. ANDREWS INSTALLS A TAILORS SEWING MACHINE

Mrs Ira Andrews has installed a new tailor's sewing machine which will do button hole braiding, embroidering and darning. This will enable her to help home sewers with their work.

SCHMIDTS CLOSE DOWN CAMPTONVILLE LUMBERING

Camptonville has lost two good residents this week when F. A. and A. O. Schmidt and families left, the former leaving for his old home in Missouri and the latter going to Los Angeles, following the fire which destroyed their saw mill in the Mill Creek section a week ago.

Schmidt Brothers came here three years ago and after purchasing the timber land of Long Brothers, built up an up to date saw mill which ran sucessfully for three seasons, until last week when it took fire in the middle of the night and was destroyed with 300,000 feet of fine lumber a total loss to the owners.

The destruction of the mill was much of a disaster both to them and the country; it abolishing a nice enterprise and letting many men out of work. Schmidt Brothers had established themselves very well in the community as sound, honest, business men, fair in their dealings, and their absence will be greatly noticed Their many friends here send with them best wishes for success in their new undertakings.

Mr. and Mrs. A. Grajalva of Reno, Nevada, were reent guests of Mrs. Hathaway and her mother, Mrs. M. M. T. Andrews. Mrs. Grajalva is the daughter of Mrs. Andrews. The latter is improving after an 11 months illness.

E. D. Bridges and James Allen were initiated into the United Sanish American War Veterans Saturday night at the session of the Northern California Department held at Grass Valeyl.

TRUCK DRIVER SHAVING FIRE ALARM SOUNDS

A grass fire set by high school boys Wednesday afternoon burned an old barn on the former White property adjoining the high school campus and threatened destruction to the entire block to the east but quick work by the fire department confined the blaze to the barn and the loss will not be large.

Herbert Hallett's trusty whisker remover slipped a cog when the fire alarm sounded Wednesday afternoon and removed a portion of his facial epidermis as a result. His appearance with one side of his countenance liberally plastered with germicidiary applications caused some alarm.

RETURNS CAMPTONVILLE DANCE SHOW $374.55

The benefit dance given by the union grammar school of Camptonville, September 1, 1928, proved to be a huge success both socially and financially.

Proceeds from the entertainment and dance amounted to $374.55 Expenses were:

Meek Mercantile Company supplies $49.65.

Hotel accomodations for orchestra $10.00.

License for dance and wateter $3.

We wish to thank the Camptonville women for their generous help in preparing and serving the supper, and the kind interest shown by everyone.

Camptonville Union Grammar School.

Mr. and Mrs. Ed Wilson and children and Mr. and Mrs. Walter Bennetts and her mother of Rough and Ready visited Mr. Mrs. Charles Alford Sunday. Mrs Wilson and Mr. Bennetts are daughter and son of Mrs. Alford.

Sargent and Muller Chapman left last evening for Los Angeles after a visit at the parental home here.

Mr. and Mrs John W. Darke were in Oakland yesterday to attend the Nevada County reunion.

COZY CORNER CHAT

TALK REGARDING the coming irrigation district recall election has largely resolved itself into how large a majority the present directors will be able to pile up at the polls. The small coterie of farm bureau officials who still seem determined to try to run things in this county to suit their own wills are adding up considerable expense in holding the election but if it will tend to stifle any further activities on their part, it will have accomplished something after all. They are the only dissenters in the district at the present time and the only ones who appear disposed to try to rock the boat now that it seems to be headed into calmer waters after a trying financial storm. The state officials and the bankers have pointed out a safe, sane course to pursue and those who do not choose to follow such guidance and mature judgment are only inviting disaster. It is strongly surmised that the wrecking crew are trying to put wiskerism back on its paper throne again and that is the sum total of their present plans.

HIS INFLUENCE has waned so rapidly that rumors of his pending departure for fresher fields to exploit continue to be bruited about. His sun has set in Nevada county and the sooner his deluded followers learn that fact the sooner they can right about face and help to undo some of the damage they and their mental adviser nearly accomplished and the better off the county will be. We do not need any more windy promoters with a string of lurid promises, who make no considerable investments with their own funds to boost the county along. We need people in here who are willing to show their good faith by investing largely in our natural resources, rather than those who wish to exploit them for their own gain. This county is rich in many things, particularly so in recreational advantages and minerals as well as products of the soil and properly and sanely exploited they can be made to add greatly to our prosperity.

OUR MINING INDUSTRY continues to flourish as the bay tree in this section and with extensive development work being undertaken means a renewal of something of our former greatness. If the Yuba River Power Company will maintain its present independent status and put in its dams on the North Yuba and at the Narrows it will have accomplished a great deal for the revival of placer mining in this and Sierra counties. Its recent filings granted by the State Department of Water Resources will mean a great deal for this section of the state, once put to work. Our quartz mining is distinctly on the upgrade and with placer mining once more established, Nevada county should stand out preeminent in gold production among the counties of the state, taking off our hat to none of them.

THE ANNOUNCEMENT that $300,000 is to be expended in the near future on the Tahoe Ukiah state highway is a mighty nice bit of news for Nevada City in a good many ways. It means primarily an outlet to the eastern part of our far flung county so that residents of that section can have direct highway connections with their county seat and a highway built to modern engineering standards. There will be immense tourist travel attracted to this route when once it is put in fine condition and of course that means added business for our merchants as the tourist money is about the easiest picked up in the course of business and it is cash money. If we can get a highway on easy grades to reach North Bloomfield and the Graniteville country we will think that our position is about alright from the standpoint of easy travel in every direction.

ROUGH AND READY JOTS

ROUGH AND READY, Sept. 8, (Special to The Nugget)— Several hunting parties were out Saturday and Sunday after doves in this section and quite a number got the limit.

Supervisor Frank spent Sunday at Birchville on business.

Mrs. M. E. Frank spent the week end at the Fair.

R. L. Capps and family spent Saturday at the State Fair.

R. L. Capps has finished graveling the Beckman Hill road and will start Monday on the Walter Road for the Rough and Ready Road Club.

A. E. McCrea, who is at the Nevada City Sanitarium, is much improved and is expected home the first of the week.

School started here Monday with an attendance of eighteen children. Mrs. Margaret Wilson of Gold Flat is teacher.

Ted Schwartz was around Sunday calling on his old friends and making new ones.

Rumor has it that Mrs. Gilham is going to throw her hat in the ring for NID director.

FINE ENTERTAINMENT GIVEN CAMPTONVILLE

Camptonville, Sept. 4, One of the most successful affairs ever held here was Saturday evening by the benefit school entertainment and dance by which the people of the community worked together and put over something not only financially successful, but giving everyone in attendance a fine time.

A fine program preceeded the dance in which the children of the local schools took part. The children were trained in a very creditable manner and their parts well given and greatly pleasing to the large audience. The Doll Dance and Parade of the Wooden Soldiers were on the program, the children having costumes for same. The High School presented a two act play which was greatly enjoyed and well put on.

Those taking part were:

High Grammar Grade Girls Gladys Zerga, Charles Wilson, Jack Humphrey, Bill Groves, Edgar Cunningham, Guy Baldwin and Dorothy Marks.

Low Grammar Grade Boys and Girls, Elwood Schurr, Alta Winstead, Kenneth Schurr, Donald Humphrey, Jessie Smart, Wanda Chatfield, Donald and Lewis Winstead, Ethel Humphrey and Berenice Halkyard.

As soon as the program was over, the hall was cleared and the dance started. About 125 tickets were sold, and people came from far and near to patronize. It was particularly an occasion for the meeting of many former residents. The night falling on a three day holiday made it possible for many former Camptonville people, now living in other places to come back for this event, and a very happy reunion was held. Music was furnished by a Marysville high school orchestra, donated especially for the school and it was one of the best orchestras ever presented here. A fine midnight supper was served in the Mayo Building where the dancers could get all they could eat without additional cost. A fine array of home made cakes were on hand as well as substantial sandwiches, salad, and everything else that goes good on such an occasion. The crowd stayed until daylight. The proceeds of the evening went to the school for the purpose of buying a piano, and the amount left over after the piano is bought is to be divided between the grammar and high school for other uses.

Camptonville has but one big dance a year and so far has been able to hold up their reputation for putting on a real affair.

Miss Doris Nightengale, principal of the Grammar School, was in charge and she is entitled to great credit for the success of the evening.

Dr. and Mrs. Robert Werner are home from a week's visit in Los Angeles.

Mrs. Harold Buckner of Washington is here visiting Rev. and Mrs. H. H. Buckner.

Mr. and Mrs. Ray Hays are home from a vacation spent around the bay.

Mr. and Mrs. Charlie Leiter are home from a visit with his parents in Oakland. His father, Mr. E. T. Leiter is improving over a recent severe illness.

W. M. Gracey, chief clerk of the Tahoe Natoinal forest office in this city, is home from an official visit in the eastern part of the county.

An Extension Telephone *by* your Bedside.....
is Aid and Protection in Emergencies

Sleep is better and safer when there is an extension telephone by your bedside. Calls to neighbors, fire department or police may be made instantly when the telephone is within reach.

Extension telephones are needed not only in emergencies. Wisely placed extensions save miles of steps in running up and down stairs and from one part of the house to another. They prevent embarrassment in making or answering calls when others are present. They avoid the loss of calls through failure to answer promptly.

In building a new house or in renting or buying a home, make sure that there is provision for adequate telephone service with the necessary extensions. Adequate telephone equipment is an essential modern convenience.

And it is very inexpensive. Extension telephones with all their protection and convenience cost only a few cents a week. Ask our Business Office to advise with you regarding the proper telephone equipment of your home for the greatest comfort, protection and saving of time.

Recent surveys by tourist traffic experts show that the average visitor to the Pacific spends about $6.20 per day while sojourning among our Meccas. According to the Denver tourist bureau, each newcomer spends $6.40 per day. The All-Year club of southern California apparises his tribute at $6.00 a day, for 34 days. It estimates the total number of tourists coming to our coast at 700,000 which aggregates the sum of $142,800,000 put in curculation this year. If you ever hear anyone question the value of tourist travel, quote those figures.

FARM BUREAU FAIR IS CANCELLED THIIS YEAR

The projected Farm Bureau Fair was last week cancelled by the organization largely due to the fight being made by the officers to sponsor the recall fight against two of the irrigation district directors. The farm bureau officials have taken a lead in the movement and it has caused a great deal of disgust elsewhere in the county to the exteht that support for the Fair was not forthcoming in sufficient measure to warrant its being held. It is unfortunate as the Fair last year caused a great deal of interest.

NEVADA MINERAL OUTPUT SHOWS LOSS PAST YEAR

Mineral production for the State of Nevada showed a decrease for 1927 as compared with 1926 output, according to figures released from the United States Bureau of Mines the past few days.

Total short tons treated in 1926 were 5,884,568 as compared with 5,531,152 the past year; 150,346.16 fine ounces of gold past year, 175,381.68 in 1926. Fine ounces silver produced last year 5,397,179 decrease from 6,518,983. Total mineral value for 1927 was $23,322,589 decrease from $24,549,991.

Cooking with a modern Gas Range gives speed, cleanliness and fine baking.

With the modern Gas Ranges cooking is easier. The oven heat is automatically maintained at any desired temperature by the Oven Heat Control. You know whether your oven is "slow", "moderate" or "hot". That makes the baking of meats, pies and cakes simple. The smooth cooking surface where one boils or frys food, distributes heat evenly which means better frying. It protects the burners from food that might boil over. That makes the range itself so easy to keep clean.

How can you afford to be without a modern Gas Range with gas fuel so cheap and everyone liking good home cooking?—which you can do easily and quickly with a new Gas Range.

COMPRESSOR RECEIVED AT THE SIBERIA MINE

NORTH COLUMBIA, Sept. 10, (Special to The Nugget)—The Siberia Mine of Badger Hill has a fine new sign and mail box at the road, below Cherokee. The sign was painted and erected by M. C. Wisler of Cherokee. They have put up a number of tents and are preparing to open up the min and have the compressor on the ground.

Mrs. Wisler went to Lodi Sunday to visit her daughter, Mrs.T. L. Meadows, and will go on to Stockton to visit another daughter, Mrs. T. O. Boren. Her son, Morris, accompanied by Frank W. Petett, drove down with her and they returned Monday morning.

The Salmon mine is closed down, for the present, awaiting the arrival of Mr. Hill, the owner. They have been putting down a new shaft near where the old one was and found some fairly good prospects. Success to them is the wish of everyone here.

The bridge at Foote's Crossing has been newly painted and a new sign put in it, by Messrs. Wisler and Petett. It makes a vast improvement on the looks of the bridge.

Mr. Wisler is painting a part of the school house at Cherokee which makes it look fine, but would be much better if the whole building and outbuildings had been painted.

Mrs. Seaberry spent Thursday eve with Mr. and Mrs. McNamara at Cherokee.

Mrs. Myers came home for the election, from Nevada City and returned as soon as it was over. She was one of the election board.

Roy McNamara is painting his house this week, which greatly improves the looks of it.

Henry Beyer, cattleman of near Spenceville, was in our city Friday.

Miss Margurite Rodgers and Mr. and Mrs. F. M. Harris were visitors at the county seat one day this week on business.

FOR SALE:—One of nicest furnished homes in Nevada City; six rooms, bath and laundry; all conveniences; garage and new outhouse; good location and fine neighbors. Situated 5 blocks from post office on one acre of well cultivated ground planted to grapes and berries; lawn, vegetable and flower gardens; shade and fruit trees. House and furniture insured for $2,000. Cheap for quick sale. Come, see and make me an offer. S. M. Katzer, 344 Long Street.

FOR SALE—Residence property in San Juan to highest bidder. Address 820 Alabama Street, San Francisco. 43-46*

Mr. and Mrs. Ivan Parsons and Miss Rachael Stanton of Oakland visited relatives here Saturday.

Misses Jean McCullough, Hazel Phillips, Lucille Fogarty, Ruby Thompson, Margurite Rodgers, Frank Klenzendorfer, Ray and Robert McCullough and Mrs. J. J. McCullough attendedthe dance at Camptonville. The arrived home in the wee hours of the morning and reported they had a wonderful time. All are looking forward to another such happy event as they always have such jolly times as Camptonville.

Mrs. Ernest Solaro and son, Phil, were county seat visitors Saturday. Mike Denike took them over.

Mrs. Greba Nelson and sister, Miss Grace Tonkins, of Reno, Nevada, visited friends here Saturday.

Miss Fern Beck and Mrs. J. L. Peterson of Richmond were here visiting friends Saturday.

G. J. Davis of Nevada City and uncle, Doctor Arbogast of San Francisco were here Sunday visiting friends and looking at the old hydraulic diggings in the upper part of town.

Mrs. Lucy Paul and daughter, Miss Lucille were visitors here Sunday from Alameda.

Mr. and Mrs. A. Proom and son, Francis, of Alameda were visiting friends here Monday. They are former residents of Sweetland.

Frank Reader of Sweetland was a visitor here Sunday.

Misses Mary Mahoney and Mary Joan Campbell and James Coughlan of North Columbia were visiting friends here Sunday.

Mr. and Mrs. James Phelan and her mother, Mrs. Thomas Flynn of Tyler were visiting here Sunday evening.

Mr. and Mrs. A. Willoughby and daughter, Eleanor, and son, Ralph and Miss Louise Del came over from Nevada City Sunday evening and school started Monday with a large attendance. Mr. Willoughby returned home Monday.

P. C. Clayton and F. M. Lewis of Los Angeles were here Tuesday enroute to the upper country on mining business.

Mrs. L. T. McKenzy and Mrs. Orvall Norman of Oakland visited friends here Tuesday.

THE REASONS

I have become interested in the

NEVADA COUNTY BUILDING AND LOAN ASSOCIATION

and am going to participate in its management are:

1. More of our people are entitled to and can afford to own their own homes—with the aid of easy loans from the Nevada County Building and Loan Association.

2. By providing an absolutely safe way in which our people can save, and rapidly increase their savings through 6 per cent compound interest, NEVADA COUNTY BUILDING AND LOAN ASSOCIATION will increase the prosperity of each individual and the community—because—this adequate interest on savings will make our people less interested in dangerous speculation.

3. Because Building and Loan Associations are profitable to everyone interested—its Savers—Borrowers and Stockholders. Where a business is fair and profitable to its customers as well as its owners, at the same time doing good to the community as a whole—IT MUST PROSPER.

4. There are many of our most prosperous and saving people already interested in the NEVADA COUNTY BUILDING AND LOAN ASSOCIATION.

5. Every phase of the business is protected and made safe by drastic laws—created for the protection of Building and Loan Associations throughout California and Our Nation.

FOR THESE REASONS I strongly recommend to my friends and neighbors, the NEVADA COUNTY BUILDING AND LOAN ASSOCIATION.

BANKING HAS IMPROVED SAYS MANAGER CURNOW

That banking has changed tremendously in the last ten years, more than even bankers themselves realize, was emphasized by H. A. Curnow, manager of the Nevada City branch of the United Security Bank and Trust Company in discussing recent development yesterday.

Mr. Curnow especially stressed the new forms of service available to customers, and mentioned the Trust Fund Savings Account as an example of the progressive service rendered by this bank.

This account, he pointed out, combines all the advantages of an ordinary savings account with the trust features that make the funds on deposit immediately available to beneficiaries upon the death of the depositor. As a result, the delays, publicity, and inconvenience of probate procedure are eliminated, and money is instantly at the disposal of the designated heirs.

"Bankers are constantly in touch with cases", Mr. Curnow stated, "where substantial estates are so 'frozen up' that dependents face actual hardships for periods of months. This possibility is obviated under the Trust Fund Savings Plan During the life of the depositor this new type of savings account operates exactly like an ordinary savings account, and funds may be withdrawn or added at any time. But at the death of the depositor, under a simple trust agreement, the entire amount is immediately available to the beneficiary named, and all probate procedure is eliminated."

"We are already having a substantial measure of success in opening Trust Fund Savings Accounts. This service is offered exclusively by the United Security Bank and Trust Company and as a result customers of other banks are not hesitating to open this form of account with us. The advantages are obviuos, and we make no charge for our services, passing on the entire benefits of the plan without cost to the depositor."

The entire staff of the Nevada City branch of the United Security Bank and Trust Company is working enthuiastically to open new Trust Fund Savings Accounts. There is a friendly competition among the branches throughout the state, and the Nevada City branch is determined that the local office shall rank high in this competition.

CONSTABLE TOM CARROL VICITS OLD HOME

Constable Tom Carrol of Oakland one of the best known peace officers in our state, and who has served in that position for about thirty years, came up to attend a celebration held in Washington where he spent his early manhood. He held the honor of champion hammer thrower of the world while living there. He lived in Washington until hydraulic mining was stopped in the early eighties.

He is a man who would attract attention, being six feet tall and built in proportion. He wore typical old style peace officer uniform of broad black hat, corduroy suit and high topped boots.

Mr. Carrol found many changes in the little town of Washington and met only a few that he knew fifty years ago. He met Frank Vaugh in this city who was a former resident of Washington and missed meeting Jack Grissel, who had gone to Sacramento the day he was here. He hopes to return and look up more of his old time friends at a future date.

Arthur Deal of Camptonville appeared before Attorney W. E. Wright Wednesday in answer to a summons by his wife, Mrs. Irene Deal, on divorce proceedings. The defendant gave consent to having the divorce granted, but has refused alimony unless the plaintiff gives him one of the children, they having two little girls. A number of charges are made in the complaint.

District Attorney W. E. Wright addressed the first fall meeting of the Lions Club Tuesday noon, taking for his topic, the jury system used in superior court.

Mr. and Mrs. C. M. Harlan have left for their home in Bloomington, Ill. They have been visiting here for some time with her brother, H. J. Wright and family. The return trip will be by way of San Francisco and Southern California.

Mr. and Mrs. Harry Cook of Merced were here for a visit with Mrs. Cook's parents, Mr. and Mrs. Gomer Hopkins.

Mrs. George Hampton spent a few days in San Francisco. Her sister-in-law, Mrs. Frank Nilon accompanied her as far as Grass Valley where she will visit a few days with her parents, Mr. and Mrs. George W. Starr.

Mr. and Mrs. H. C. Worth and little daughter, Joyce have been up from San Francisco visiting Mrs. M. Ivan Dow and family.

G. J. Addis of Portola, who was staging an all night drive from San Francisco to his home, had the machine leave the road south of Grass Valley about 6:30 Tuesday morning and stopt when a large boulder got in the road. The car and driver escaped injury and the trip was shortly resumed.

To Mr. and Mrs. Charles W. Worthley, last week, a son was born.

NEVADA CITY GRASS VALLEY

Office--Former Citizens Bank Building Phone, Nevada City 166

Further Announcement will be made of opening of the Grass Valley office

For the following Reasons-

I have become interested in the

NEVADA COUNTY BUILDING AND LOAN ASSOCIATION

and am going to take an active part in its management as a Director.

1. It will increase the prosperity of our people by providing a safe, profitable place for them to save their money.

2. Better homes will be placed within the reach of all of our people through the easy Long Term loans of the Nevada County Building aud Loan Association.

3. Six per cent interest compounded semi-annually, paid on savings is sufficiently profitable income to keep our people from dangerous speculation.

4. Building and Loan Associations are the most profitable, conservative institutions in our present day life-Profitable to all concerned-its savers, borrowers and stockholders.

5. Rapid growth of the Nevada County Building and Loan Association is assured by the welding together of so many of our most prosperous and saving people, already a part of it.

I strongly recommend the Nevada County Building and Loan Association to all those who would better their position in life in providing for the future by saving and increasing those savings through 6 per cent compound interest or by owning new and better homes.
